

NOPHO/NOBOS 2021 goes virtual!

Dear Nordic-Baltic NOPHO/NOBOS friends, invited speakers and sponsors!

Due to the uncertainties about the COVID-19 pandemic in the near future, not least regarding travel restrictions and the possibility to meet physically, the NOPHO NOBOS 2021 will be held as a virtual meeting.

We are very sorry that our Trondheim meeting in May 2020 was cancelled, and our first step was to postpone the meeting to spring 2021. We are very happy that both NOBOS and NOPHO accepted that! A special thanks to the organizing committees in Kuopio, Finland, and Lund, Sweden, who also had to postpone their meetings!

We are also very sorry that we will not meet physically, not least because the social part of the meeting has always been a cornerstone in our great Nordic collaboration.

In our virtual meeting, there will be both pre-recorded and real-time sessions. We will "stick to the plan" regarding most of the topics and sessions as lined out in the original program. Most guest-lecturers have promised to join virtually already!

An updated version of the program as well as information about registration fee, important dates and deadlines, will soon be published. All participants who already have registered for 2021 will be contacted by individual mail. We do not have all the answers yet regarding refunds. In the weeks to follow, we hope to have more specific advice concerning practicalities, and we ask for your understanding and appreciate your patience.

So, a warm welcome to **"Virtual Trondheim" 7-11 May 2021**, and ...

let's play *virtually* **together for cure and care in childhood cancer!**

Welcome!

On behalf of the local organizing committee,

Ann-Karin Mosand (NOBOS) and Bendik Lund (NOPHO)
